SESSION
SUMMER/DATES ANNOUNCED
BY U OF MONTANA; NEW
PROGRAMS PLANNED

MISSOULA--

New programs have been planned for the 1970 University of Montana Summer Session, which begins June 15.

The summer session on the Missoula campus will be divided into two 4½-week sessions and a 9-week session. Dates for the two 4½-week sessions are June 15-July 15 and July 16-August 14. The 9-week program encompasses both periods.

No advance registration will be conducted for the summer session.

Dr. Walter C. Schwank, summer session director at UM, said students may enroll for summer classes during the first week of each term. Enrollees will be accepted for both of the 4½-week sessions or the entire 9-week program.

"We have planned several innovative programs this summer for the first time," said Dr. Schwank. "Included will be offerings in the areas of art, astronomy, education, geography, mathematics, music and political science."

Summer fees are approximately \$126 when 9 or more credits are carried. No out-of-state fees are charged for the UM Summer Session, and reduced fees are available if the student signs up for less than the normal credit load.

The normal study program for each 4½-week session^{is} 9 credits, or 15 credits for the full 9-week session.

Rooms are available in campus dormitories and University family housing. Prospective students should write to the UM Residence Halls Office, Elrod Hall, University of Montana, Missoula, 59801, for dormitory accommodations, and to Keith Larson, Family Housing Director in care of the University, for family housing accommodations.

SESSION
SUMMER/DATES ANNOUNCED--2

The summer session curriculum at UM will include offerings in most academic disciplines. A complete list of summer school courses is printed in the Summer Session Catalog, which may be obtained by writing Dr. Schwank at the University.

A number of workshops, institutes and seminars also are planned for this summer, and a complete program of activities is scheduled at the University Biological Station at Yellow Bay on Flathead Lake.

Special features of the summer program at UM will include art exhibits, concerts, prominent lecturers, theater productions, recreational activities, and trips to many of Montana's scenic and historic wonders.
